My name is Mohammadali Moshaee, and I am a DevOps engineer with 10 years of professional experience. I specialize in website design and development, working with technologies such as **PHP (specializing in the Laravel framework)**, JavaScript, HTML, CSS, and jQuery. Additionally, I have expertise in managing and maintaining servers, including Windows Server and Linux Server environments. I am also proficient in database management using SQL and MySQL. Over the years, I have built a strong foundation in both development and operations, enabling me to deliver efficient and scalable solutions

Work experience

Junior PHP Developer   2014 - 2015
Pishro Navaran Kavosh, Tehran

My first work experience as a PHP developer.

Junior Server Management   2015 - 2019
Aryanic, Tehran

My first experience in server management and supporting backend web applications.

CTO   2019 - 2021
Rahpendar, Tehran

Technical manager of Rahpendar Company, active in the field of CMS development.

Lead Software Support   2021 - 2025
Niafam Corp, Tehran

I started my activity as the head of CMS software support, and I also worked as a DevOps engineer to set up and manage clients' servers.

Education and Qualifications

CIW   2014 - 2015
Tehran Institute of Technology, Tehran
